10-4. Thanks, Gerald.

Have a great weekend.

Regards, Joel

Subject: Re: FW: 1330 W. Pico - General Plan Amendment Initiation Request

FYI I received an inquiry about a group of parcels in the vicinity and an interest also in a hotel use.

In addition, I am assuming you may be aware of the City's interest in leasing the existing building as a short-term homeless shelter and related services - Fernando Guerra is familiar with the matter.

We would be open to "add areas" to "clean-up", if nothing else, the hodge-podge zoning pattern and create opportunities for economic investment, west of the freeway...

Absolutely, Gerald. She's be taking it to management once the plans are submitted. She told me that she would contact you about "add areas."

Regards,

Joel

Good afternoon, Gerald.

I have not heard back from Jane Choi about the willingness of DCP to initiate the GPA; however, it's only been since this morning. If DCP won't initiate the GPA, Dave Garcia at Sandstone has told me that CM Cedillo has expressed a willingness to bring a motion to City Council to initiate the GPA. I have drafted a motion for your review just in case this becomes necessary. Please see the enclosed.

Subject: [1330 W. Pico](#) - General Plan Amendment Initiation Request

Good morning, Jane.

The site that we've been discussing is located at [1330 W. Pico](#) Boulevard. It is technically in the Pico-Union HPOZ, but after our historic preservation consultant and the Office of Historic Resources did some research, it was determined that including the property in the HPOZ was an error. The Council adopted a motion to direct DCP to correct the error and remove the site from the HPOZ. Enclosed in the Council motion and PLUM action.

Also enclosed, for your review, is a draft letter requesting DCP to initiate the GPA. Finally, I have also enclosed a draft request for GPA initiation.

The Council office is ready and willing to bring a motion to Council to initiate the GPA, but I thought it might be better to start with DCP. Because of time constraints, I need to know by the end of the week if this is something that DCP will do and under what conditions, if any.

Please call me if you have any questions.

Regards,

Joel
